

FACULTY INVOLVEMENT IN STARTUPS & COMPANIES

Our faculty members actively engaged with startups and companies

Our faculty members extend their expertise beyond the classroom by actively engaging with startups and companies across a wide range of sectors, including artificial intelligence, electric mobility, clean energy, healthcare, agriculture, cybersecurity, quantum technologies, aerospace and design. This involvement reflects the institution's commitment to innovation, entrepreneurship and industry collaboration, and it helps bring real-world insight into teaching and research. The list below presents our faculty members along with the startups and companies they are involved with.
